WALKTHROUGH

1. What do we need to do to advance this piece of work?	Convert the finalised Business Case into slide format, assign sections to each member, and rehearse before presenting.
2. Is anyone working on anything that is not on the board?	No — this week's focus was entirely on the presentation; all sub-tasks were tracked on the shared Trello board.
3. What do we need to finish as a team?	No — this week's focus was entirely on the presentation; all sub-tasks were tracked on the shared Trello board
4. Are there any bottlenecks or blockers to the flow of work?	Minor delays formatting the survey charts onto slides and coordinating a shared rehearsal time given everyone's other module deadlines.
